

# KLAIRE LABS: QUALITY PROBIOTICS

**HYPOALLERGENIC**

**DAIRY-FREE**

**GLUTEN-FREE**

**VEGAN**

## KLAIRE PROBIOTICS - GUARANTEED STRAINS, ADVANCED VIABILITY, & 3RD-PARTY TESTED

Klaire Labs utilizes Ribotyping to validate specific strains. All strains are selected for their acid/bile tolerance as well numerous other attributes. In some blends Klair enhances the viability with a proprietary innovation called InTactic. InTactic is a seaweed polysaccharide complex that protects the probiotics as they move through the stomach to begin exerting their health-promoting functions.

## KLAIRE LABS

Rooted in quality.  
Inspired by results.

## CLAIRE FARR: PORTRAIT OF A NATURAL NUTRITION PIONEER.

In 1969, driven by a personal struggle with severe food allergies and environmental sensitivities, Claire Farr set out on a mission to formulate and manufacture the highest quality, hypoallergenic nutritional supplement possible. The result is Klair Labs.

### ABX SUPPORT™

A powerful probiotic offering intestinal microbiota support during and after antibiotic use.

ABx Support™ is a novel blend of healthy probiotic bacteria to support a healthy bacterial balance in the digestive system during and after antibiotic use.† A powerful combination of the following probiotic strains: Saccharomyces boulardii, Lactobacillus rhamnosus, Bifidobacterium bifidum, and Bifidobacterium breve help sustain and reinforce the protective environment inside the digestive tract, which is crucial for immune health as well as healthy bowel movement and function.

**Recommended dose:** Adults, Adolescents and Children (1 year old and older) 1 capsule twice daily with food or as directed by a healthcare professional.

### CAPSULES

**Probiotic Blend (10 billion CFU) in a base of inulin (derived from chicory root).**

### Medicinal Ingredients (quantity per capsule):

*Saccharomyces boulardii* (5 billion CFU)  
*Lactobacillus rhamnosus* (2.5 billion CFU)  
*Bifidobacterium bifidum* (1.25 billion CFU)  
*Bifidobacterium breve* (1.25 billion CFU)

### Non-Medicinal Ingredients:

Inulin, Hypromellose, Purified water

### SACCHAROMYCES BOULARDII

A powerful, unique yeast probiotic

Saccharomyces boulardii is a well-researched and unique probiotic. Because it is a yeast and not a bacterium, it is not affected by antibacterial agents such as antibiotics. It is also acid-resistant and temperature-tolerant, making it more capable of safely traveling through the stomach and into the small and large intestines. Saccharomyces Boulardii by Klaire Labs supports healthy gastrointestinal and immune function and a balanced microbiota.

**Recommended dose:** Adults, Adolescents, and Children (1 year old and older) 1 capsule twice daily with food or as directed by a healthcare professional.

### CAPSULES

**Probiotic Blend (3 billion) in a base of cellulose.**

### Medicinal Ingredients (quantity per capsule):

*Saccharomyces boulardii* (3 billion CFU)

### Non-Medicinal Ingredients:

Cellulose, Hypromellose, Purified water, L-Leucine

### THER-BIOTIC® D

High-CFU probiotic adjunct for detoxification protocols

Ther-Biotic® Detoxification Support is a high-CFU probiotic supplement designed to assist the body's natural gastrointestinal (GI) detoxification process. It may also be used to provide support during detoxification protocols, such as prescription medications or heavy-metal chelating agents.

**Recommended Dose:** Adults: 1 capsule daily with food or as directed by a healthcare professional. Children: As directed by a health care professional.

### CAPSULES

**Probiotic Blend (50 billion CFU) per capsule protected by InTactic polysaccharide complex.**

### Medicinal Ingredients (quantity per capsule):

*Lactobacillus rhamnosus* (20 billion CFU)  
*Lactobacillus casei* (20 billion CFU)  
*Bifidobacterium bifidum* (10 billion CFU)

### Non-Medicinal Ingredients:

Hypromellose, Purified water, InTactic® proprietary polysaccharide complex, L-Leucine

### THER-BIOTIC® COMPLETE

Broad-spectrum synergistic multispecies probiotic formula

Ther-Biotic® Complete is a high-CFU probiotic supplement providing a combination of 12 different species of beneficial bacteria important to intestinal health and wellbeing. Probiotic supplements contain live, "friendly" bacteria that support a healthy balance of microorganisms in the gastrointestinal (GI) tract. Probiotics also promote digestion, support immune system function, facilitate nutrient and mineral absorption, and aid in the production of vitamins. Available in capsules and powder (4 capsules = 1 g powder)

### CAPSULES

**ProBiotic blend (25 billion CFU) in a base of inulin (derived from chicory root) and InTactic polysaccharide complex.**

### Medicinal Ingredients (quantity per capsule)

*Lactobacillus rhamnosus* (6 billion CFU)  
*Bifidobacterium bifidum* (5 billion CFU)  
*Lactobacillus acidophilus* (3 billion CFU)  
*Lactobacillus casei* (2.5 billion CFU)  
*Lactobacillus plantarum* (2 billion CFU)  
*Lactobacillus salivarius* (2 billion CFU)  
*Bifidobacterium longum* (1 billion CFU)  
*Streptococcus thermophilus* (1 billion CFU)  
*Lactobacillus bulgaricus* (1 billion CFU)  
*Lactobacillus paracasei* (0.5 billion CFU)  
*Bifidobacterium lactis* (0.5 billion CFU)  
*Bifidobacterium breve* (0.5 billion CFU)

### Non-Medicinal Ingredients:

Inulin, InTactic® proprietary polysaccharide complex Hypromellose, Purified water, L-Leucine

### POWDER

**Probiotic Blend (100 billion CFU) in a base of inulin (derived from chicory) and InTactic polysaccharide complex.**

### Medicinal Ingredients (quantity per 1/4 tsp (1 g)):

*Lactobacillus rhamnosus* (24 billion CFU)  
*Bifidobacterium bifidum* (20 billion CFU)  
*Lactobacillus acidophilus* (12 billion CFU)  
*Lactobacillus casei* (10 billion CFU)  
*Lactobacillus plantarum* (8 billion CFU)  
*Lactobacillus salivarius* (8 billion CFU)  
*Bifidobacterium longum* (4 billion cfu)  
*Streptococcus thermophilus* (4 billion cfu)  
*Lactobacillus bulgaricus* (4 billion cfu)  
*Lactobacillus paracasei* (2 billion cfu)  
*Bifidobacterium lactis* (2 billion cfu)  
*Bifidobacterium breve* (2 billion cfu)

### Non-Medicinal Ingredients:

Inulin, InTactic® proprietary polysaccharide complex
